Recreation

Lakeview Golf Club

Lakeview Golf Club, located at 4200 W. Talamore, is situated in west Meridian neighborhoods. The 18-hole course meanders through many different subdivisions with home-lined fairways that give the course a

tranquil setting but an intimidating look. Although there is Out of Bounds on every hole and water that comes into play on seven of the holes, the course is very playable for all skill levels.

With new owners as of April 2005, the course is in outstanding condition and is turning into one of the Treasure Valley's premier public golf courses. In 2006, the course improved three of the holes on the front nine. The redesign of these holes included building three new greens, added length and additional bunkers, and brought water more into play. In 2007, the ponds to the left and right of the fairway on #4 have been increased in size and connected, turning what was a testy par 3 into a downright scary one. As if that weren't enough, this year a new tee box has been added to #4 that requires the tee shot to go directly over the length of the pond on the left. Also, the back tee area on #5 was lengthened and leveled.

Additional upgrades are planned for the future, including leveling more of the tees and improving the irrigation system.

Lakeview's drastic improvements over a short time have been noticed by the community, the Idaho Golf Association and the U.S.G.A. Lakeview was the home site for the Idaho Golf Association 2006 and 2007 Men's State Amateur II, and also hosted the men's and ladies 2008 United States Amateur Public

Links qualifiers.

Corporate and group outings is a viable part of their business, and they strive for excellent customer service in their golf operations, food service and a golf shop that has quality brand name equipment. And Bogies Bar & Grill is a great place to have a group outing that will meet all your needs.

Some of the golf course amenities include a grass tee (no mats) practice range, putting and chipping greens, and -- a practice bunker for green side shots. After a day on the links you'll want to visit Bogies Bar & Grill at Lakeview. A variety of options are available from a beer and a sandwich to an evening dinner of juicy Tender-

loin with sautéed prawns or a meaty Halibut fillet. Whatever your palate desires, Bogies is sure to have something for you. If a top shelf drink is in the works come and sit in the bar and enjoy the view of the lake and the ridge line view of Bogus Basin.

When the weather is fitting, the patio is open for those who enjoy an outdoor setting. Of course, breakfast, lunch and dinner are available every day. The Golf Shop has quality brand name equipment (Callaway, Ping, Titleist, Cobra, Nike and more) in stock to deck you out and make you the envy of your four-some. If you're not quite ready for the course or are in need of a tune up, Lakeview has P.G.A golf instructors ready to help you improve your game.

Green fees run \$34.00 on weekends and \$29.00 on weekdays from March thru October. Senior and junior rates are also available during Monday thru Thursday after 11:00 a.m. Winter rates are typically in effect from November to March and specially-priced winter passes are available Mid-October. More information is available by calling 208-888-4080, or visiting their website at www.golflakeviewgc.com

Fran Quinn wins 20th Albertsons Boise Open Presented by Kraft

Boise, ID, Sept. 17-20, 2009 - Fran Quinn, behind by 5 strokes after the first two rounds of the Nationwide Tour's 20th Albertsons Boise Open Presented By Kraft, shot a third round 68 to trail by only two going into the final round and - perhaps just as important - found himself in the final group with Blake Adams, the man who led after each of the first three rounds of this event held each year at Hillcrest Country Club.

And as is often the case at this tournament, the winds picked up and the scoring got tougher in the afternoon for Sunday's final round leading to a thrilling finish.

Adams, looking like he was going to run away from the field after posting 63-65 the first two rounds for a 4-stroke lead heading into the weekend, found the going tougher as the greens firmed up on the weekend. After posting a 71 on Saturday, his lead had been cut in half heading into the final round and he found himself in a dogfight to the finish.

On the front nine Sunday, Adams carded eight pars and a birdie to still hold a two stroke lead as he and Quinn made the turn. Playing two groups ahead of Adams and Quinn, Roger Tambellini, the 2003 tournament winner, birdied the 11th hole while Adams bogeyed the 10th, and suddenly Adams - who had led after the first, second and third rounds, was in a tie with Tambellini, with Quinn just one shot back.

Tambellini, however, wasn't able to keep the pressure on and gave back five strokes over the next four holes and was never a factor again. He ultimately faded to a four-way tie for 5th.

Fran Quinn proudly displays the trophy.

Adams, after a bogey on 11 and a birdie on 12, had his two shot lead again. However, Quinn, who was even par for the day but without a birdie since the 3rd hole, continued his steady play with pars on 13, 14 and 15 while Adams struggled with bogeys on 14 and 15, and suddenly it was tied up again - this time with Quinn and Adams as they headed to the reachable par-5 16th.

Both players hit the 16th in two, and neither was able to hole the eagle attempts, but they put some separation between them and the field with their 2-putt

birdies and turned it into a two man race.

Quinn and Adams both two-putted the 17th for pars to come to the 18th hole tied for the lead after 71 holes. It was only fitting that the final round of the 20th Albertsons Boise Open Presented by Kraft would be a duel to the end.

Quinn striped his tee shot down the middle of the par-4 uphill finishing hole, while Adams pulled his into the left rough. With a bad angle and thick rough, Adams, in search of his first career win, did well to get his ball onto the middle of the green, some 40 feet away from the cup located in the back left corner of the green.

Quinn stood over his shot in the fairway, 169 yards away. With his eight iron in hand and the tournament on the line, he hit what he later described as the best shot of his life. It landed in the back corner of the green and spun to a stop, just four feet away from the cup. After waiting while Adams two putted for his par, Quinn - who had never held the lead by himself during the entire tournament - calmly stroked in the winning putt. It was his first victory since 2000, and with the \$130,500 first place check, put himself in good position to finish in "The 25" and earn his PGA TOUR card for 2010.

RH
Editor's Note: Fran Quinn finished tied for 46th in the Nationwide Tour Championship played Oct. 22-25, 2009, but more importantly, he secured the 25th spot in the money list to finish in "The 25" and earn his PGA TOUR card for 2010. Also, Chris Tidland, the 2008 Albertsons Boise Open champion, and Roger Tambellini, the 2003 winner, also finished in "The 25" and earned their PGA TOUR cards for 2010.

Utah Championship Presented by Utah Sports Commission

Josh Teater wins Utah Championship
(Kenneth E. Dennis/PGA TOUR)

Sandy, UT, Sept. 10-13, 2009 - Josh Teater earned his first professional victory in the Nationwide Tour's Utah Championship Presented by Utah Sports Commission.

Teater trailed by two strokes after the first and second rounds. In the third round, however, he blistered the course with a 64 to lead by one going into the final round. He came out of the gates fast on Sunday, with an eagle-par-birdie start to increase his lead to four. After bogeying three of the last four holes on the

front nine, he came back with birdies on three of the first four holes on the back to reclaim his lead. After eagling the 17th to go up by six strokes, he finished with a double bogey on the 18th for a final margin of victory of four strokes.

With the win, Teater moved to 8th in the money list and looks solid to finish in "The 25" and get his PGA TOUR card for 2010.

Editor's Note: Josh Teater went on to finish tied for third in the Nationwide Tour Championship Oct. 22-25, 2009. He also finished seventh in the overall money list placing him in "The 25" and earning his PGA TOUR card for 2010.

Beautiful scenery, wildlife and history is within *REACH!*

Groups and individuals can escape civilization and experience the Hanford Reach – the last free flowing stretch of the mighty Columbia River.

of viewing this federally protected area where vehicle access is limited.

As the twin-engine shallow draft jet boat motors upstream, signs of civilization disappear as you enter the seldom

mental hulks of long-silenced nuclear reactors, the only visible signs of the top-secret Manhattan Project, the captain will tell how the project shaped the area's history.

A trip with Columbia River Journeys showcases the scenery and wildlife of the Hanford Reach National Monument. Passengers will enjoy a 40 mile trip upstream from Richland, Washington into a stretch of unbridled river flows through a landscape of the White Bluffs, dunes and desert plateaus. Columbia River Journeys provides groups and individuals with one of the only ways

seen lands and waters of the Hanford Reach. Wildlife sightings are common. Passengers may see great white pelicans, osprey, blue heron, great white egret, mule deer and many other animals. The boat captain will provide an interesting narrative that explains the geology of this area that is accessible only by water.

As the boat passes the ghostly, monu-

The city of Richland, a former government town, was built to support the Manhattan Project as part of the effort to end World War II. The B Reactor that was built at Hanford was the world's first full-scale nuclear reactor and produced the plutonium that was used in the atomic bomb dropped on Nagasaki, thus ending World War II.

Passengers also learn about the Native Americans who lived along the Hanford Reach as well as some of the area's earliest settler's.

Columbia River Journeys currently runs the Chinook Wind a Coast Guard certified, 20 passenger jet boat. An on-board restroom is provided on the vessel. Tours run daily from May to mid October, though groups can book tours outside of the regular season. Group discounts are available.

Columbia River Journeys offers customizable water tours and exclusive wine tasting cruises. They also offer land tours that focus on local agriculture and wineries, can provide customizable itineraries for groups, and can provide step-on guide service for motorcoaches. RH

Buechel Memorial Lakota Museum

Father Eugene Buechel, was born in Germany in 1874. He entered the Society of Jesus in 1897. In 1902, he came to South Dakota to minister to the Lakota people who gave him the name “Black Eagle.” During his 52 years with the Lakota, he published three books in their native language. After his death, his compilation of almost 30,000 words were assembled and

published in a “Lakota-English Dictionary.” His love for the Lakota people led to the accumulation of the pieces in this museum, which include the artifacts, ethnographic notes, plant specimens and the extensive photo-graphic collection. In 1947, this museum was built to celebrate the 50th anniversary of Fr. Buechel as a Jesuit. Fr. Buechel passed away in 1954. RH

Kansas Cosmosphere And Space Center

Founded in 1962, the Kansas Cosmosphere and Space Center started out as the Hutchinson Planetarium. It now consists of 105,000 square feet dedicated to space science exhibits and educational programs, including a planetarium, an IMAX® Dome Theater and the internationally recognized Hall of Space Museum.

The Cosmosphere houses the most significant collection of U.S. space artifacts, outside of the National Air and Space Museum, and the largest collection of Soviet space artifacts in the Western world, allowing it to tell the story of the Space Race in a way that no other museum can.

The Cosmosphere's collection includes one-of-a-kind artifacts such as the Apollo 13 command module Odyssey, the space capsule Gemini X, the SR-71 Blackbird #961, and rare V-1 and V-2 rockets. It also has on display a complete set of Mercury, Gemini and Apollo spacecraft juxtaposed with a complete set of Russian Vostok, Voskhod and Soyuz spacecraft.

Approximately 217,000 visitors visit the Cosmosphere every year from every state and dozens of foreign countries. Named one of the first affiliates of the Smithsonian Institution in 1998, approximately 33,000 students visit the facility every year as part of school field trips.

More than 8,500 students in grades 7-10 have participated in the Future Astronaut Training Program since its inception in 1985. In addition, the Cosmosphere was just the fifth recipient of the U.S. Space Foundation's Education Achievement Award for its variety of camp programs for participants of all ages

including hundreds of people 55 and older from around the country who have participated in the Cosmosphere's Elderhostel Astronaut Training Program.

Named an official project of Save America's Treasures by the National Trust for Historic Preservation and the White House, the Cosmosphere is known worldwide for its space artifact restoration program including the complete restoration of Apollo 13 and Liberty Bell 7.

When Liberty Bell 7 completed its nationwide tour late in 2005 and returned for permanent display at the space museum, the Cosmosphere became one of only three locations in the world to have a flown Mercury, Gemini, and Apollo spacecraft. RH

Queen Mine Tours

In 1877 a reconnaissance detail of army scouts and cavalymen was sent to the Mule Mountains to search the area for renegade Apaches. What civilian tracker Jack Dunn found instead were signs of mineralization indicating the presence of lead, copper and possibly silver. The first mining claim was staked in what would later become the City of Bisbee. The filing of this claim, and a multitude of others filed by George Warren, sent prospectors and speculators scurrying to the Mule Mountains in hopes of striking it rich. Numerous rich ore bodies were located and Bisbee soon became known as the "Queen of the Copper Camps"

During almost a century of mining, 8 billion pounds of copper, 102 million ounces of silver and 2.8 million ounces of gold along with millions of pounds of zinc, lead and manganese were produced. By 1974 ore reserves had been depleted and December brought the announcement of the impending closure of mining operations in Bisbee. Phelps Dodge curtailed open pit operations that year and ceased underground operations in 1975. It appeared as though the queen was about to be laid to rest.

With the departure of its industrial base, the real estate market in Bisbee collapsed as hundreds of homes went up for sale. The availability of cheap real estate drew retirees, "hippies" and eventually a new group of speculators. These new resi-

dents purchased property and slowly began to contribute to the renovation of the city.

The Bisbee of today is a well-known artist's community whose architectural and historic heritage has been preserved. Located at the center of the natural and historic beauty of Cochise County, the city has transformed itself into the ideal spot for tourism. These benefits combined with "the most perfect year round climate" make it an attractive place to visit and a great place to call home.

Ice Cream Capital of the World

Le Mars, Iowa, has been officially recognized as “The Ice Cream Capital of the World®” since 1994, when Iowa lawmakers signed a resolution statement confirming that more ice cream is produced in Le Mars, Iowa, by a single company in one location than anywhere else on the planet. “How much?” you ask. In excess of 120 million gallons of ice cream every year – and that’s no bull. Get it? No bull!

If you are an ice cream enthusiast... and you know, deep down, that you are, a visit to the Ice Cream Capital of the World Visitor Center Museum and vintage-themed Blue Bunny® Ice Cream Parlor should be a definite “must see” on your life’s list.

Located 25 miles north of Sioux City, Iowa, Le Mars has been the home to Wells’ Dairy, Inc., manufacturers of Blue Bunny ice cream and frozen novelties since it was founded here by Fred H. Wells Jr., in 1913. The “Ice Cream Capital of the World” Visitor Center Museum

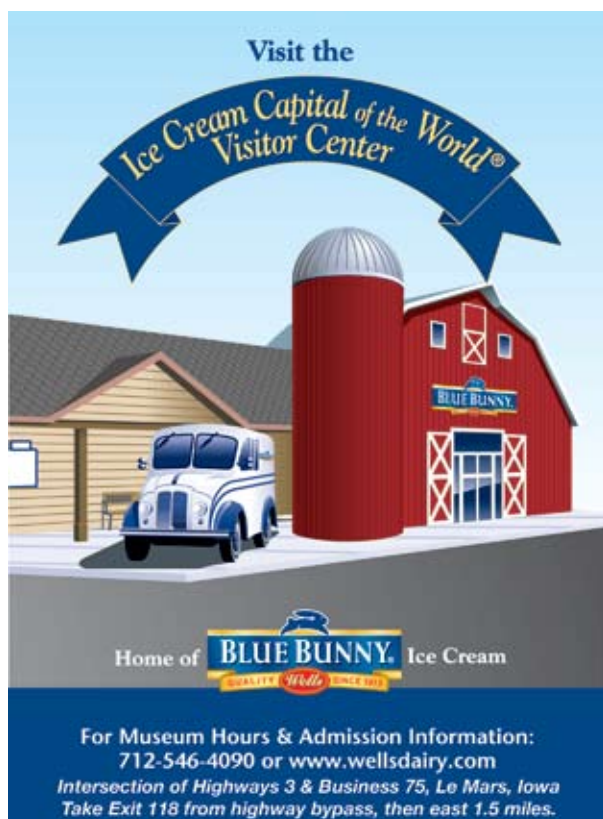

and Blue Bunny Ice Cream Parlor are located at the intersection of Iowa Highways 3 and Business 75 (exit 118 off the bypass) in Le Mars and are open year ‘round. Guests to the museum will learn the history of ice cream, the history of Wells’ Dairy and the process of how ice cream is made. A simulated production theater experience will whet your appetite for the Blue Bunny Ice Cream Parlor, located adjacent to the museum. A wide variety of hard-dip ice cream, sundae specialties, malts, phosphates and more are available for purchase in the 1920’s themed parlor area.

The museum charges \$3 admission for adults (age 13 and over); \$1 for youth (ages 5 – 12) and children (four and under) are free. Museum tours are self-guided and will take 35-40 minutes.

Museum hours are seasonal; please call ahead (712-546-4090) or check our website www.wellsdairy.com for current hours of operation.

Whether you love Blue Bunny ice cream or simply love ice cream in general, make plans to visit the “Ice Cream Capital of the World” Museum and Blue Bunny Ice Cream Parlor in beautiful Le Mars, Iowa – where life is sweet! 🍦

SPIRIT LAKE CASINO AND RESORT

The Spirit Lake Nation has invested roughly over 14 million dollars into the 49,000 square foot Spirit Lake Casino. This facility has been in operation since June 1, 1996 and the tribe has added lodging to the facility along with RV camping sites and 6 rental cabins. The exceptional

view and location make staying at the Spirit Lake Casino & Resort an unforgettable experience. The 124 room resort and the recent addition of six fully furnished log cabins have made the resort truly a year round destination. The casino & resort is located on the scenic shores of Devils Lake and just 7 miles south of Devils Lake, ND on Highway 57.

HISTORY: The first tribal casino in North Dakota was opened in St. Michael, ND, housing 50 video slot machines and pull-tabs, employing approximately 35 people. In 1993 blackjack tables and reel slots were added. Then, in 1994 the tribe renovated a gymnasium and added an additional casino in Tokio, ND. This development created employment for 191 people with 75% being Native Americans. Presently, the casino employs approximately 450 employees and is the first in North Dakota to feature ticket only machines 100%.

At present, the Spirit Lake Casino & Resort has expanded to include a bingo hall, a full service marina with pavement (boasting the best access to the lake), an RV camp with 24 hour security, and 6 fully furnished cabins available year round. Remembering the Unity of the Buffalo

After many oppressive years of reservation life the dream of free roaming buffalo, was re-ignited in 1932 by tribal leaders of the Oglala Sioux Tribe. The vision was to re-establish a tribal buffalo herd that would once again roam the land of the Oglala. Tribal leaders acquired the majestic buffalo and established two areas as tribal game ranges, both on the Pine Ridge Indian Reservation. Thus was the new beginning, the new way of life for the buffalo and the Lakota.

Today the Oglala Sioux Parks & Recreation Authority is responsible for managing the buffalo and elk herds for the tribe. We have grown the herd from 200

to nearly 700 head. In managing the herd we provide meat to family mem-

bers across the reservation, and provide by-products too many of the sun dances, provide trophy and non-trophy hunts, established a share cropping plan with tribal members, and provide profound

educational experiences for the youth and communities.

The buffalo are once again a significant part of the Lakota economy and way of life. Reconnecting the holistic beliefs and lifestyles, the buffalo is honored and each spring a celebration is held to celebrate the new life of the buffalo calf as well as the new life of the Lakota People.

Managing the buffalo herd is an immense challenge and one that can be experienced by all. If you are interested in attending a buffalo round up, scheduling a hunt or would like more information please give us a call at 605/455-2584 or check out our website at www.osprabuffalokeepers.com RH

Serves to protect the natural environment of the Oglala Lakota homelands. OSPRA enforces tribal and cultural laws to safeguard buffalo, elk and other wildlife. Plants, fossils, geologic formations and archeological treasures are also protected within the bio-system.

Why Choose A Bed And Breakfast?

All over the country people are discovering the new versions of the old style Bed and Breakfast inns. In the olden days you would call them a "tourist home" or a "traveler's rest." Now most are called inns, lodges, or Bed and Breakfasts and people are reconnecting to with great alternative to ho-hum motels.

In South Dakota we offer over 60 Bed and Breakfast inns that are all uniquely different, with one common feature - Personal Attention. Weary travelers have discovered the pleasure of having a person with local knowledge always available to provide information about the local area.

The Bed and Breakfast Innkeepers of

South Dakota Feature the INN-Route, a way to travel across the state, stop-

ping often in smaller communities or

rural areas with the intent of exploring the lesser known yet still incredible places.

Need to know the best kept secret in the region? Ask your innkeeper. Want to find out-of-the-way hiking trails that won't be littered with people? Ask your innkeeper. Hoping for a romantic get-away with no stress or noise pollution? Try a bed and breakfast that offers deluxe rooms with wonderful bedding, jetted spa tubs or hot tubs under the moonlight.

And then there are the meals. Most bed and breakfast inns offer a full breakfast. They often include hearty entrees with home baked goodies on the side. In some areas you can also

Come Relax and Unwind in the Heart of Wine Country

With the gas prices ever increasing, and the work week becoming longer, why not plan a special get-a-way to the Red Lion Inn & Suites located in McMinnville, Oregon. There are over 35 wineries, each offering wine tasting and tours. McMinnville has many activities to choose from, including the Evergreen Aviation and Space Museum, Spirit Mountain Casino, which is 30 minutes away, and the towns historic downtown which boasts many unique shops and

first class restaurants.

If you prefer to stay indoors, then come and relax in our newly renovated rooms. There are 67 spacious guest rooms to choose from, including Jacuzzi and 2 room suites. All the rooms include in-room coffee, hair dryers, irons, ironing boards, microwaves, mini fridges. The pool and spa are located on the first floor.

Red Lion Inn & Suites is not only a relaxing retreat; it includes services for businesses with 2 meeting facilities. Our Willamette room can accommodate up

to 75 people in a variety of different seating options, and our Harvest room can provide space for 20 to 25 people. After a restful sleep on our pillow top mattresses, come down and enjoy our complimentary continental breakfast, which includes, but is not limited to: waffles, donuts, bread, bagels, cereal, hard boiled eggs, and bacon.

If you are looking to reserve a room or simply have more questions about our wonderful property please call 503-472-1500 or 1-888-489-1600. RH

arrange to have a dinner at the inn featuring local specialties, which in South Dakota usually include beef, buffalo or pork.

Some of our inns even offer entertainment. At certain times you may be able to join a group of fellow travelers who are at a murder mystery dinner theater, and you are the actors. Some inns offer evening desserts, night time star gazing, or day time bird watching, along with horseback rides, four wheel tours and "chores."

If you have a particular interest, don't hesitate to ask your innkeeper if there are any opportunities to pursue that while in the area.

Winter sports often bring travelers to bed and breakfast inns. What could be nicer than waking up to the scent of hot coffee brewing after spending the evening before in front of a big fireplace warming up after a full day of skiing?

The South Dakota State Motto is "Land of Infinite Variety." Beyond the beautiful Black Hills are the uniquely different Badlands, the bluffs and woodlands of the Lewis and Clark trail that follows the mighty Missouri River, the fishing opportunities along the Missouri and into all the glacial lakes of the northeast region.

There are heritage farms and ranches, Sioux Indian villages, forts, Hutterite Colonies - and all across the state are warm and friendly innkeepers who will help you make the very most of your travels through this great state. RH

Windmill Inns' Top-Notch Services, Unique Amenities Generate Rave Reviews from Guests

You know you're doing something right when guests say their only disappointment is not finding your hotels everywhere they travel.

The Scottsdale-based group of six hotels—three in Roseburg, Ashland, and Medford, Ore., and three in Surprise/Sun City, Chandler, and Tucson, Ariz.—is earning rave reviews from guests who have experienced Windmill Inns & Suites' spotless guestrooms and public areas, top-notch service and highly affordable rates. Guest satisfaction is so high that many patrons take the time to not only fill out comment cards, but to write glowingly of their experience.

"Our hallmark has always been great rates; sincere, friendly service; and roomy, clean accommodations," said Windmill Inns & Suites President and C.E.O John Cauvin, a 30-year hotel veteran who in 1984 purchased the then-struggling Windmill Inns in Medford and

Roseburg and within a year turned them into highly successful, profitable properties—and has since built four more.

"It's incredibly satisfying to have people tell us personally, in the lobby or at the front desk, that they've enjoyed their stay," Cauvin said. "But when they take the time to write to us about how much they enjoyed the experience... well, that's very special and meaningful to us. It tells us that all the hard work we put into delivering great service, clean accommodations and desired amenities—all at affordable rates—is being rewarded."

At Windmill Inns, those amenities include free Continental breakfast, free local calls (and free access to long-distance calls), free daily newspapers for each guest, and free parking. Cauvin points out that some of these amenities are also offered at other hotels, so he's implemented an amenity program that goes above and beyond the typical hotel offerings.

For example, all five Windmill Inns & Suites allow pets to stay—for free; all make bicycles available for free; all make available free lending libraries and free games for children; and all offer high-speed Internet access—for free—as well as access to free help-desk assistance, should the need arise, via a toll-free phone number. And there's even a bonus included in the free Continental breakfast—guests can even make

their own waffles!

"We've always tried to do things that set us apart from our competitors and provide more satisfaction for our guests," Cauvin said. "That's been our philosophy for more than 20 years, and we've instilled it in our staff culture and emphasized it in our ongoing staff-training programs. We believe in it thoroughly, and that is why we're proud to offer guests our unique, 110 percent guarantee of satisfaction."

Scenic Byways and Scenic Inns-Colorado Offers Picturesque Places and Comfortable B&B Spaces...

by Sallie Clark, Marketing Chair of Bed & Breakfast Innkeepers of Colorado, the Colorado Association of B&B Inns

Living in Colorado, each time I travel around the state I'm reminded why this is such a great place to visit. It's no wonder Katharine Lee Bates was inspired to write the words to America the Beautiful from atop 14,110 foot Pikes Peak, just one of the fifty-eight 14,000 foot mountain peaks, known to us locals as "fourteeners". Colorado offers scenery that is unsurpassed in its variety and beauty. From our purple mountain majesties to

our amber waves of grain, Colorado's 25 scenic byways provide the perfect opportunity to pack up the car and seek out our spectacular hidden gems and experience friendly B&B lodging.

And what better way to make that Rocky Mountain getaway more special than to plan your trip around Colorado's Scenic Byways while stopping for a restful and hospitable stay at one of Colorado's quality bed and breakfasts. Staying at a Bed & Breakfast Innkeep-

ers of Colorado (BBIC) inn, you'll find great locations which embody the impression of Colorado...western heritage, mountains, plains, ranching, agriculture and most of all, homespun hospitality. The website at www.byways.org/explore/states/CO/ lists the many byways throughout Colorado and along the way, you'll find a warm welcome with great accommodations to make your exploration both adventurous and comfortable. In 1998, the U.S. Secretary of Transpor-

tation Rodney Slater stated, “the current administration believes that transportation is more than concrete, asphalt, and steel: it is about people, and about providing them with the opportunity to lead safer, healthier and more fulfilling

lives”. Here in Colorado, inns are standing by to fulfill your lives with vacation hospitality to restore your personal relaxation “tank” with an enjoyable stay.

The Colorado Byways offer you a chance to see our fabulous scenery and a sampling of some terrific B&Bs. The Colorado River Headwaters Byway drops from 1,700 feet to the past reservoirs and lush ranchlands, then continues to Grand Lake on the western side of Rocky Mountain National Park. Starting or ending in Estes Park, bed and break-

fasts including The Anniversary Inn, Black Dog Inn, Sonnenhof, Quilt House or Taharaa Mountain Lodge will help you start your day drive to Grand Lake, Hot Sulphur Springs and Kremmling.

The Frontier Pathways Scenic and Historic Byway mirrors the paths of Zebulon Pike, Charles Goodnight, Juan Bautista de Anza and showcases rugged mountains, wildflowers, foothills and aspen trees. A stop at B&Bs in Pueblo at the Abriendo Inn or Jewel of the Canyons in Canon City would be an excellent choice stay after a two-hour drive or a full day tour which might include Bishop’s Castle, El Pueblo Museum, and Lake San Isabel.

Take in the San Juan Skyway Byway and travel the “road to the sky” which offers views of the towering San Juan Mountains to rolling hillsides speckled with ancient Indian pueblo ruins. Victorian towns also offer excitement and charm. You’ll want to schedule your overnight accommodations in one of the many towns close by or along the route. Hot Springs will soak away troubles while visiting Elkwood Manor in lovely Pagosa Springs or Spangler House in Ouray. The little town of Ouray is

known fondly as the “Switzerland of the Rockies” because of its winding roads and picturesque overlook. Be sure to plan extra time when in the Durango area to stay in nearby Hesperus at Blue Lake Ranch where you can catch the

Durango-Silverton narrow gauge train or see Mesa Verde National Park just to the west. Arbor House Inn B&B in South Fork sits on the river bank forks of the Rio Grande to the east of famous Wolf Creek Pass and offers a peaceful setting after a busy day of traveling.

To top off the selection of byways, the Gold Belt Tour follows historic railroad and stagecoach routes leading to North America’s greatest gold camp, three world-class fossil sites and Phantom

Colorado Northwestern Community College

The Meeker Center

Colorado Northwestern Community College's Meeker Center is located at 345 Sixth Street. The Community/Continuing Education Coordinator for the Meeker Center ensures that Meeker residents are offered learning opportunities from arts and crafts to industry training. Stop in to visit or call 970-878-5227. The Center is equipped with videoconferencing capability, so students can attend classes in Meeker that are physically taught at either the Rangely or Craig campus locations.

A Brief History

In 1962, Rangely College, a branch campus of Mesa Junior College, opened its doors for the first time to a freshman class of 82 students. The college's initial programs included Dental Hygiene, Electronic Technology, Medical Office Assisting, and Arts & Science, with an Aerospace Program (flight training) added in 1967.

Eight years after its opening, Rangely College separated from Mesa Junior College and, in 1974, adopted the name Colorado Northwestern Community College, which better reflected the many communities the college serves. By 1985, three

service area centers were open in Meeker, Hayden, and South Routt County. A vote by the electorate in Moffat County in 1990 created an affiliated junior college district and a mil levy tax-base to support a Craig branch campus.

The College Today

Now part of the Colorado Community College System (CCCS), Colorado Northwestern relies on the support of the communities it serves. The College strives to provide training and education to meet the high demand of the region's workforce needs, offering both degree and certificate programs. Colorado Northwestern educates over 3,000 individual students per year within its region. Colorado residents make up 86% of these students. Of these

resident students, the majority comes from the College's service areas.

Colorado Northwestern is fully accredited by the North Central Association of Colleges and Schools. The general education degree programs and core courses are guaranteed to transfer to any 4-year college in Colorado. The college offers both degree and certificate program options. The faculty members are experienced and dedicated to student success.

Besides quality general education and transfer degree programs, Colorado Northwestern Community College offers a wide range of career and technical programs, including Process Technology – Oil & Gas Emphasis, Dental Hygiene, Geographic Information Systems, Power Plant Technology, Aviation Maintenance Technology, Aviation Technology Flight Training, Cosmetology Occupations, Criminal Justice, Natural Resources, and Nursing. Exciting new programs include Horsemanship & Horse Management, Civil Engineering Technology, Banking and Financial Services, Industrial Electrician, Massage Therapy, and Helicopter Flight Training.

Saratoga/Platte Valley

By: Stacy Crimmins, Executive Director

There's nothing more peaceful than to stand in the middle of a forest full of pines after the morning dew evaporates in the sunshine. Do you hear the sound of silence: the aspen leaves "quaking" and the meadowlark's warble? You can experience this in the Snowy Range and the Sierra Madres, located between Encampment and Saratoga.

There's nothing more exhilarating than a big stretch after climbing out of your tent in the morning or climbing a boulder just because it's there. You can also experience this in the Snowy Range and Sierra Madres of southeastern Wyoming.

There's nothing more spine-tingling than to skillfully reel in a plump, colorful trout, measure him up, and gently release him back into the babbling stream. And you can experience this in the solitude of the Medicine Bow National Forest, just a few miles from the busy interstate. Blue herons, bald eagles, pronghorn antelope and mule deer are plentiful, and so are the acres of public lands.

In the pristine Platte Valley, you will experience wilderness areas without crowds, hear the crackling pine needles under your feet, smell the bountiful wildflowers, and watch a new fawn play in the sun. Then let your senses rejuvenate with a tingling soak in the mineral hot springs in Saratoga. Legend has it that these are medicinal waters and were enjoyed by Indian tribes in the area for many years. The municipal soaking pool has an average temperature of 117 degrees and is free and open everyday,

all day and night, all rear round! Did we mention it was free?

The Platte Valley is surrounded by the Sierra Madre and Snowy Range mountains with the Upper North Platte River winding through the town of Saratoga. The Encampment River flows through Riverside and feeds into the Platte River. These rivers boast some of the best fishing in the western United States for Blue Ribbon Trout. Be sure to travel the Snowy Range Scenic Byway, which links the Platte Valley and Laramie via a 10, 847 foot seasonal mountain pass.

In the colder months, the Snowies are rated #3 for snowmobiling by SnoWest Magazine top 15 places to snowmobile in Wyoming. Groomed trails for cross country skiers, snowshoers, and snowmobilers exceed 300 miles, and with an annual snowfall of over 200", there is sure to be plenty of powder for everyone.

Here in the Upper North Platte River Valley, the Old West truly is alive and well. The low-key lives of ranchers and cowboys still ring true, and the people continue to hold dear their deep sense of Western history. Our version of a "traffic jam" is when the cattle are crossing the road on their way to a new pasture.

The Town of Encampment has a rich history dating back to the mining boom days of the 1880s. The Grand Encampment Museum, open Memorial Day through Labor Day, allows you to relive much of this history with their exhibits, cabins, an old printing press, and even a two-story outhouse for winters with deep snow.

Saratoga Museum offers interpretive displays, maps and dioramas. Exhibits include archeology, tie hacks and geology. The museum has a beautiful pavilion that hosts summer-time concerts and weddings for a most distinctive experience.

Shopping in the Valley is a unique experience with specialty shops to fill your every need. Whether you are looking for something special for you, your home, your family or your horse, it can be found in the Platte Valley. Hungry? Choose hand-crafted burgers, tasty sandwiches, the perfect steak, or homemade ice cream in one of the many restaurants and cafes.

The Valley hosts several events throughout the year including Saratoga Lake Ice Fishing Derby, Sierra Madre Winter Carnival, Don Erickson Memorial Chariot Races, Festival of Birds, Woodchopper's Jamboree & Rodeo, Rocky Mountain Elk Foundation Banquet, Festival of the Arts, Independence Day Parade, Grand Encampment Cowboy Poet Gathering, Living History Days, Platte River Rodeo Association Rodeo, Steinley Cup Official State Microbrewery Competition, Chili Cook-Off and Saratoga Bullfest, Sierra Muzzleloaders Mountain Man Rendezvous & Black Powder Shoot, Coppers Days Festival, Antique Tractor Pull and Melodrama, Lighted Christmas Parade, Winter Wonderland, and Festival of Trees!

For more information about the "Good Times Valley," visit our website www.saratogachamber.info or call 307-326-8855. RH

Pinot Perfection in Oregon's Willamette Valley

Photo Credit: Mr. Janis Miglavs

Home to the Pinot Noir grape, as well as other members of the Pinot family like Pinot Blanc and Pinot Gris, Oregon's Willamette Valley landscape has remained virtually unchanged in its 40 year wine history. While the slow, meandering pace has increased a bit and sloping vineyards blanket more of the horizon, the valley has remained accessible to wine lovers eager to meet a winemaker or taste wine directly from a barrel. The

Willamette Valley's long, broad slice of wine country has grown to more than 200 wineries and tasting rooms nestled between the Cascade Mountains and the Coastal Range, providing a perfect balance of sun-drenched summers, warm fall days with cool evenings and mild winters.

For the past few decades, wine tourists have descended on the Willamette Valley for its two popular open house weekends during Thanksgiving (November 27-29,

2009) and Memorial Day (23-25, 2009). Today, the valley is popular all year long with new events such as 150 Days of Wine in the Willamette Valley running through Labor Day weekend and celebrating Oregon's 150th birthday. Red, White and True Oregon Wines marks the Willamette Valley Wineries Association's inaugural Fourth of July weekend in wine country. The region's smaller American Viticultural Areas (AVAs) have also created special weekend events like Dundee Hills Passport Tour (April 18-19), Yamhill Carlton Open House (April 25), Discover the McMinnville AVA (July 16) and Chehalem Mountains Winegrower's Explore, Tour & Taste (September 5-7). For a detailed listing of all events, please visit www.willamettewines.com. Visitors can also order a free 2009 Guide to Willamette Valley Wineries with a detailed map and listings for wineries and tasting rooms throughout the region.

Where to Sip:

Visit the Willamette Valley Wineries Association website at www.willamettewines.com for a complete list of member wineries and tasting rooms with links to member websites. Or call 503-646-2985 to order a wine touring map. There are also ideas for Where to Stay, Where to Eat and Other Things to do in the Willamette Valley.
